Barefoot is the most common term for the state of not wearing any footwear.. Wearing footwear is an exclusively human characteristic, however some animals held by humans are also issued with footwear, such as horses and, more rarely dogs and cats.

Barefoot - Wikipedia

Running is a method of terrestrial locomotion allowing humans and other animals to move rapidly on foot. Running is a type of gait characterized by an aerial phase in which all feet are above the ground (though there are exceptions).This is in contrast to walking, where one foot is always in contact with the ground, the legs are kept mostly straight and the center of gravity vaults over the ...
