Safety management system not effective unless accompanied by a â€œgoodâ€• safety culture Wish to stay alert to potential risk factors that increase the risk of a major disaster Pro-active approach involving self-assessment and feedback of less visible elements of safety management system

Safety Culture: A framework for improvement

In order to remain safe while on the water, all water activities require some basic knowledge and skills - Lifejackets, maritime radio usage, knowing the tides, anticipating bad weather conditions.

Welcome to Safety On The Water | Safety On The Water

Safety watchdog accused of stressing the BP positive 2 December 2002. UK health and safety watchdog HSE has helped publicise a safety award to BP Grangemouth, the company its own latest figures show was the recipient of the yearâ€™s top penalty for a workplace safety offence.

Oil - Hazards magazine

Quote HSE " Success in managing major Hazards is not measured by the Occupational Health and Safety Statistics but by measuring the performance of critical systems used to control risks to ensure they are operating as intended.. This statement is a very powerful statement and i want to stand on the premise that it should form the basis of assessing and formulating regulation regimes.
