ISO/IEC 27001:2013(E) Foreword ISO (the International Organization for Standardization) and IEC (the International Electrotechnical Commission) form the specialized system for worldwide standardization.

Information technology - Security techniques - Information

Human enhancement is "any attempt to temporarily or permanently overcome the current limitations of the human body through natural or artificial means. It is the use of technological means to select or alter human characteristics and capacities, whether or not the alteration results in characteristics and capacities that lie beyond the existing human range."

Human enhancement - Wikipedia

This article is a list of the legal regulatory bodies that govern telecommunications systems in different countries. This list was prepared from sources referenced in the article. The websites related to these sources have been variously updated.
