On January 20, 2011, Surgeon General Regina M. Benjamin released The Surgeon General's Call to Action to Support Breastfeeding in the Jack Morton Auditorium at The George Washington University.

### **The Surgeon General's Call to Action to Support Breastfeeding**

For much of the last century, America's mothers were given poor advice and were discouraged from breastfeeding, to the point that breastfeeding became an unusual choice in this country.

### **The Surgeon General's Call to Action to Support Breastfeeding**

Abstract. Breastfeeding and human milk are the normative standards for infant feeding and nutrition. Given the documented short- and long-term medical and neurodevelopmental advantages of breastfeeding, infant nutrition should be considered a public health issue and not only a lifestyle choice.

Breastfeeding in public is the practice of breastfeeding babies in a public or semi-public place in open view of the general public. Social attitudes and legal protection of the practice varies widely. In many countries, both in the Global South and in a number of Western countries, breastfeeding in public is common and generally not regarded as an issue.

There is substantial evidence that implementing the Ten Steps significantly improves breastfeeding rates. A systematic review of 58 studies on maternity and newborn care published in 2016 demonstrated clearly that adherence to the Ten Steps impacts early initiation of breastfeeding immediately after birth, exclusive breastfeeding and total duration of breastfeeding.
