Social stratification is a kind of social differentiation whereby a society groups people into socioeconomic strata, based upon their occupation and income, wealth and social status, or derived power (social and political). As such, stratification is the relative social position of persons within a social group, category, geographic region, or social unit.

Abstract. Companies have believed for years that their only responsibility was a financial one---maximizing value for shareholders. Corporate social responsibility (CSR) is a new idea, one in which the corporate sector incorporates social and environmental concerns in its strategies and plays a more responsible role in the world.
