United States Senate inquiry into the sinking of the RMS

Religious believers like to think that I don't accept the arguments for the existence of God because I don't want to because then I'd have to give up orgies and heroin and all the things that make an atheist's life fun. 1 In fact, I've wondered roughly the same thing about certain atheist philosophers.. But here's the problem with that line of thinking.

The teleological or physico-theological argument, also known as the argument from design, or intelligent design argument is an argument for the existence of God or, more generally, for an intelligent creator based on perceived evidence of deliberate design in the natural world.. The earliest recorded versions of this argument are associated with Socrates in ancient Greece, although it has been ...

Socrates left no writings of his own, thus our awareness of his teachings comes primarily from a few ancient authors who referred to him in their own works (see Socratic problem).. Plato [] The words of Socrates, as quoted or portrayed in Plato's works, which are the most extensive source available for our present knowledge about his ideas.. I only wish that wisdom were the kind of thing that ...
