Draft Guidance for Industry: Cosmetic Good Manufacturing

Lean manufacturing or lean production, often simply "lean", is a systematic method for waste minimization ("Muda") within a manufacturing system without sacrificing productivity, which can cause problems. Lean also takes into account waste created through overburden ("Muri") and waste created through unevenness in work loads ("Mura"). Working from the perspective of the client who consumes a ...

Overview. The Japanese word kaizen means "change for better", with inherent meaning of either "continuous" or "philosophy" in Japanese dictionaries and in everyday use. The word refers to any improvement, one-time or continuous, large or small, in the same sense as the English word "improvement". However, given the common practice in Japan of labeling industrial or business improvement ...

Martin Heidegger (1889–1976) was a German philosopher whose work is perhaps most readily associated

with phenomenology and existentialism, although his thinking should be identified as part of such philosophical movements only with extreme care and qualification.
