Reduce PDF Size a free PDF document compression software, it can quickly compress PDF documents and reduce PDF files size, it supports five different compression settings, you can choose different compression ratio according your own requirements.

### **Reduce PDF Size**

It's no secret that PDF software creates documents with a smaller file size than any of the large word processors on the market, even when the content is identical. Yet even though PDFs do consume less space than the alternatives, there are still cases in which you need to scale back a document created with PDF software due to the number of bytes the file takes up.
