A group of cognitive psychologists, curriculum theorists and instructional researchers, and testing and assessment specialists published in 2001 a revision of Bloom's Taxonomy with the title A Taxonomy for Teaching, Learning, and Assessment. This title draws attention away from the somewhat static notion of "educational objectives" (in Bloom's original title) and points to a more ...

This publication offers a different approach to the uses of learning technologies in the language classroom.

### **Innovations in learning technologies for English language**

Task-based learning offers the student an opportunity to do exactly this. The primary focus of classroom activity is the task and language is the instrument which the students use to complete it. The task is an activity in which students use language to achieve a specific outcome.

### **Teaching approaches: task-based learning | Onestopenglish**

Educational technology is an inclusive term for both the material tools and the theoretical foundations for supporting learning and teaching. Educational technology is not restricted to high technology but is anything that enhances classroom learning in the utilization of blended, face to face, or online learning.

Learning disability or a learning disorder is a condition in the brain that causes difficulty and struggle to comprehend or process information and can be caused by several different factors. Given the "difficulty learning in a typical manner", this does not exclude the ability to learn in a different manner. Therefore, some people can be more accurately described as having a "learning ...
