The infinite monkey theorem states that a monkey hitting keys at random on a typewriter keyboard for an infinite amount of time will almost surely type any given text, such as the complete works of William Shakespeare. In fact, the monkey would almost surely type every possible finite text an infinite number of

times. However, the probability that monkeys filling the observable universe would ...

Laissez-faire (/ ˈlɛz ˈfɛr /; French: (); from French: laissez faire, lit. 'let do') is an economic system in which transactions between private parties are free from government intervention such as regulation, privileges, tariffs and subsidies. The phrase laissez-faire is part of a larger French phrase and translates to "let (it/them) do", but in this context usually means "let go".
