Fibonacci numbers in mathematics, formulae, Pascal's triangle, a decimal fraction with the Fibonacci numbers. Puzzles and You do the maths..., for schools, teachers, colleges and university level students or just for recreation!

The Mathematical Magic of the Fibonacci Numbers

The International Mathematical Olympiad (IMO) is an annual six-problem mathematical olympiad for pre-college students, and is the oldest of the International Science Olympiads. The first IMO was held in Romania in 1959. It has since been held annually, except in 1980. More than 100 countries, representing over 90% of the world's population, send teams of up to six students, plus one team ...

Party games are games that are played at social gatherings to facilitate interaction and provide entertainment and recreation. Categories include (explicit) icebreaker, parlour (indoor), picnic (outdoor), and large group games. Other types include pairing off (partnered) games, and parlour races. Different games will generate different atmospheres so the party game may merely be intended as an ...
