Very little in our world seems to make sense. Itâ€™s as if the people around us are living in an alternate reality, vastly different from the one that you and I live in. And, it is that insanity that will destroy the world. Worse, the insanity is so great, so broad and so deep, that pointing it out ...

Box and Cox (1964) developed the transformation. Estimation of any Box-Cox parameters is by maximum likelihood. Box and Cox (1964) offered an example in which the data had the form of survival times but the underlying biological structure was of hazard rates, and the transformation identified this.
