The January 2019 Ohio Environmental Education Fund grant cycle is now open. Updated grant application guidelines for 2019 are posted. Electronic letters of intent for the January 2019 cycle must be submitted through Ohio EPA’s eBusiness Center no later than 5:00 p.m. on Tuesday, January 8, 2019.

Environmental Education - Ohio EPA Home

Definition. The term problem solving means slightly different things depending on the discipline. For instance, it is a mental process in psychology and a computerized process in computer science. There are two different types of problems, ill-defined and well-defined: different approaches are used for each.

Problem solving - Wikipedia

Since 1995, EPA and states have been implementing the National Environmental Performance Partnership System (PDF) (performance partnerships, or NEPPS). NEPPS is a performance-based system of environmental protection designed to improve the efficiency and effectiveness of state-EPA partnerships.

National Environmental Performance Partnership System

Environmental education may best be defined as a process directed at creating awareness and understanding about environmental issues that leads to responsible individual and group actions. Successful environmental education focuses on processes that promote critical thinking, problem solving, and effective decision-making skills.

Getting Vygotskian about theory of mind: Mediation

Environmental psychology is an interdisciplinary field that focuses on the interplay between individuals and their surroundings. It examines the way in which the natural environment and our built environments shape us as individuals. The field defines the term environment broadly, encompassing natural environments, social settings, built environments, learning environments, and informational ...
