significant opening salvo in the water wars. In 2001, water warriors there regained control of their water supply and defied all odds by driving out the transnational corporation that had stolen their water in the first place. Cochabamba! is the story of the first great victory against corporate globalization in Latin America.

Furthermore, much of the discussion and analysis of water wars focuses on transnational, or interstate, disputes, while there appears to be a growing threat of subnational, or intrastate, water conflicts.

### **WATER BRIEF 3 Water and Conflict - World's Water**

conflict concerns unfair pumping of the town's water as well as the contract between Nestlé and the town water company itself. The goal of this project is to create a compromise that allows both the town and Nestlé to prosper off the natural resources in the area while making sure that the environment as well as the community is not harmed.
