Anonymous said... as a long time professional cook, and long time wine drinker, i can say that wines left out for several weeks do turn to vinegar and the fact of the matter is, this is the exact process that vinegar use to be made hundreds of years ago and still is in smaller type operations.

### Ravenous Traveler: What Really Makes Wine Turn into Vinegar?

Wine Enthusiast has nearly 35 years of experience designing products by and for people who love wine. Our brand focuses on exclusive products that enhance your wine lifestyle, whether you are a new wine enthusiast or a true wine connoisseur.

### Amazon.com: Wine Enthusiast Silent 18 Bottle Wine

If you happen to read the full abstract, youâ€™ll notice that they only tested female participants. Beyond this, they found that individual differences in intestinal biota were likely the mediator for their results, which means only women (again, their point had nothing to do with men) who were high-producers of the biota in question were affected by the proestrogen.
