Early examples in Roman ornaments. In art, grotesques are ornamental arrangements of arabesques with interlaced garlands and small and fantastic human and animal figures, usually set out in a symmetrical pattern around some form of architectural framework, though this may be very flimsy. Such designs were fashionable in ancient Rome, as fresco wall decoration, floor mosaics, etc., and were ...

The architectural mnemonic was a key group of techniques employed in the art of memory. It is based on the use of places (Latin loci), which were memorized by practitioners as the framework or ordering structure that would 'contain' the images or signs 'placed' within it to record experience or knowledge. To use this method one might walk through a building several times, viewing distinct ...
